

WARRANTY

Every new Rolls-Royce is protected by a four-year, unlimited mileage, regional warranty from the date of first retail or registration, whichever is earlier.* The warranty encompasses a wide range of serviceable vehicle components to minimize any inconvenience to you during the warranty period. It extends to the region in which your car was first registered, ensuring the vehicle is optimised for its environment. Wherever you drive your Rolls-Royce within your delivery region, we support our authorized network to make sure any necessary repairs are carried out quickly and efficiently by an authorized Rolls-Royce dealership or workshop.

*Exclusions and conditions apply. Certain adaptations or alterations to your Rolls-Royce may invalidate or void the warranty. Please contact Rolls-Royce Orange County for more information. Unlimited mileage does not apply to commercially-used vehicles.
